WHY CHOOSE GREEN & GORGEOUS?

We have spent many years cultivating the perfect palette of colours, textures and forms for our fresh from the garden signature style.

Our flowers are nurtured from seed to bouquet with care and respect for the environment. Unconstrained by cellophane or refrigerated lorries, they are harvested at their peak for unrivalled vibrancy of colour and intensity of perfume

We specialize in growing old fashioned and uncommon varieties prized for their breathtaking beauty and ephemeral qualities.

WHAT WILL BE IN SEASON?

Your flowers will naturally work in harmony with the season of your wedding to capture the floral moment, from the froth and delicacy of early spring to the rich, warm fruits of autumn.

SPRING

Our fields of flowers awaken in April, when flowering bulbs burst into life with the jewel colours of Anemones, flamboyant Tulips and tissue-petalled Ranunculus in every shade. There is blush pink blossom in the orchard and the fresh new greens of perennials emerging.

FREQUENTLY ASKED QUESTIONS

Will DIY work for me?

Yes if you are fairly relaxed, creative and want to keep an eye on your budget for flowers.

Will you do a training session?

We offer floristry workshops called Flower Club on Sunday mornings through April to October. You can learn about making bouquets and vase arrangements. Dates are on a website.

Do I need a consultation?

No you don't. This makes your booking process simpler and keeps the cost down.

FREQUENTLY ASKED QUESTIONS

Can I visit?

Yes we are open on Saturdays to the public from 9am till 4pm when you can wander through our tunnels and fields.

How many flowers do I need?

We are happy to advise, usually one bucket (50 stems) per:
a bridal bouquet

2 bridesmaids' bouquets

10 jam jar sized table arrangements

buttonholes use about 3 stems

How do I get the flowers on the day?

They are ready to collect the morning before the wedding. We can give you a quote for delivery if it is a large order and fairly local.

FREQUENTLY ASKED QUESTIONS

What do I need when we collect?

A relatively empty car. Bouquets will be aquapacked and in bags, so bring boxes and packaging to keep them upright.

Do I need to pay a deposit for the buckets and vases?

Yes, our transporter buckets and vases are very precious to us so we ask for a £150 deposit (by card) when you come to collect. A replacement fee will be charged for any lost or damaged items.

When do you pick the flowers?

We always pick early in the morning the day before you are due to collect. This gives them time to condition, in other words to rest and drink before they are worked on.

WHAT HAPPENS NEXT?

If this sounds like you please complete the wedding flowers request form on the website.

We will check the date for availability confirming your details via email and send an invoice for a non-refundable £100 booking fee.

Once this has been paid (via bank transfer) you will be booked in. We will consider payment as an indication that you accept all of the information outlined in this guide.

Then all we need is confirmation of colour and numbers four weeks before your wedding. This is when we will send the final invoice (less the booking fee), which must be paid within 7 days.

Your flowers will be carefully packed and ready to collect on the date and time agreed.
